IV. LAST FRONTIERS

A. Buddhism - Collapsing

B. Hinduism - Collapsing

C. Islam - Still strong, but large numbers shifting to Humanism. Christian witness increasing rapidly.

D. Humanism - *Secular humanism* is suffering a major setback with the fall of the Soviet Union. It is making a comeback through Western educational institutions.

1. Growing even faster is *religious humanism* (those with a claim to faith, but live from a humanistic worldview). Humanism is the "Trojan horse" that nobody sees that's infiltrating the whole world. It's cloaked in garments of humanitarian aid, self-improvement programs, entertainment, financial prosperity, higher education and government controlled welfare.

E. Babylon - This is the term scripture gives to the humanistic system at the End of the Age. (Revelation 17 and 18). This "worldview" will give the foundation for the rise of the Anti-Christ.
